JMIR Publications

Advancing Digital Health & Open Science | 25 years

About

JMIR Publications

Founded in 1999, JMIR Publications was one of the first born-digital *open access* publishers and is a strong supporter of *open science* in all forms. Our portfolio of academic journals and innovative scientific communication products focus on the intersection of medicine, health, and technology. We maintain a commitment to quality and transparency, offering seamless preprinting of manuscripts with the option for public review, premium in-house copy editing services, and a strong reputation for constructive peer review. The *Journal of Medical Internet Research*, JMIR Publications' flagship publication, is one of the leading digital health journals globally in the medical informatics category and the largest in the field.

Gunther Eysenbach, MD, MPH, FACMI
Chief Executive Officer and
Executive Editor, JMIR Publications

The JMIR Publications team comprises a talented group of individuals in their respective fields. They have come together to work toward the JMIR Publications mission and vision.

Simply put, we love what we do and who we do it for.

MEET THE TEAM

Timeline of

JMIR Innovations

1999
Journal of Medical Internet Research is founded as the first *open access* (OA) medical informatics journal and is the most reputable journal in the field today

2009
JMIR Publications is the first publisher posting submissions to a preprint server for public review

—

JMIR Publications is a co-founder of the Open Access Scholarly Publishers Association (OASPA). Dr Eysenbach is first board member

2011
Journal of Medical Internet Research is the first journal globally to systematically collect social media-based signals

2019
JMIRx, one of the first overlay journals, is launched with a mission to collect the best, freely available work across health care from the most reputable preprint servers and through traditional submissions

2022
JMIRx Med is accepted for indexing in PubMed Central (PMC) and PubMed

Our Journals

Journal of Medical Internet Research

The leading peer-reviewed journal for digital medicine and health and health care in the internet age.
PMC, MEDLINE, SCIE, Scopus, DOAJ, Psycinfo indexed

JMIR Mental Health

Internet interventions, technologies, and digital innovations for mental health and behavior change. This is the official journal of the Society of Digital Psychiatry.
PMC, MEDLINE, SCIE, Scopus, DOAJ, Psycinfo, CABI indexed

JMIR mHealth and uHealth

Mobile and tablet apps, ubiquitous and pervasive computing, wearable computing, and domotics for health.
PMC, MEDLINE, SCIE, Scopus, DOAJ, CABI indexed

JMIR Serious Games

Gamification research focused on health care, education, and social change.
PMC, SCIE, Scopus, DOAJ, Psycinfo indexed

JMIR Aging

Digital health technologies, apps, and informatics for older adults and healthy aging.
PMC, MEDINLINE, ESCI, Scopus, DOAJ indexed

JMIR Public Health and Surveillance

Public health and technology, public health informatics, mass media campaigns, surveillance, and innovation in public health practice and research.
PMC, MEDLINE, SSCI, SCIE, Scopus, DOAJ, CABI indexed

JMIR Infodemiology

Focusing on determinants and distribution of health information and misinformation on the internet, and its effect on public and individual health.
PMC, MEDLINE, Scopus, DOAJ indexed

JMIR Medical Informatics

Clinical informatics, decision support for health professionals, electronic health records, and digital health infrastructures.
PMC, MEDLINE, SCIE, Scopus, DOAJ indexed

JMIR Formative Research

Process evaluations, early results, and feasibility/pilot studies of digital and non-digital interventions.
PMC, MEDLINE, Scopus, DOAJ indexed

JMIR Cancer

Patient-centered innovations, education, and technology for cancer care, survivorship, research.
PMC, Scopus, DOAJ indexed

JMIR Human Factors

(Re)designing health care and making health care interventions and technologies usable, safe, and effective.
PMC, MEDLINE, Scopus, DOAJ, Psycinfo indexed

Interactive Journal of Medical Research

General medical research focusing on innovation in health, health care, and medicine. **PMC, DOAJ indexed**

JMIR Medical Education

Technology, innovation, and openness in medical education in the information age.
PMC, MEDLINE, Scopus, DOAJ indexed

JMIR Pediatrics and Parenting

Improving pediatric and adolescent health outcomes and empowering and educating parents.
PMC, Scopus, DOAJ indexed

JMIR Research Protocols

Ongoing trials, grant proposals, and methods in all areas of medicine.
PMC, MEDLINE, Scopus, DOAJ indexed

JMIR AI

Applications of AI in health settings. Broadly including applications on structured and unstructured data, images, wearables and RPM data, and genomic data.
PMC, DOAJ indexed

NEW

JMIR Bioinformatics and Biotechnology

Bioinformatics, genomic data visualization, network biology, cancer analysis, pathology informatics, drug delivery and discovery, AI applications and tools.
PMC, Scopus, DOAJ indexed

JMIR Biomedical Engineering

Engineering for health technologies, medical devices, and innovative medical treatments and procedures.
PMC, DOAJ indexed

JMIR Cardio

Cardiovascular medicine focusing on electronic, mobile, and digital health approaches in cardiology and for cardiovascular health.
PMC, Scopus, DOAJ indexed

JMIR Data

A multidisciplinary journal to publish open datasets for analysis and re-analysis.

JMIR Dermatology

JMIR Dermatology is the official journal of the International Society of Digital Health in Dermatology (ISDHD).
PMC, MEDLINE, Scopus, DOAJ, CABI indexed

JMIR Diabetes

Emerging technologies, medical devices, apps, sensors, and informatics to help people with diabetes.
PMC, Scopus, DOAJ indexed

JMIR Iproceedings

Peer-review and publishing platform for conference papers, abstracts, posters, and presentations.

JMIR Neurotechnology

The intersection between clinical neuroscience and technology to prevent, diagnose, and treat neurological disorders
Sherpa Romeo indexed

NEW

JMIR Nursing

Virtualizing care from hospital to community: Mobile health, telehealth, and digital patient care. **PMC, MEDLINE, Scopus, DOAJ, CINAHL, INANE indexed**

JMIR Perioperative Medicine

Research technologies, medical devices, apps, informatics, and education in perioperative medicine and nursing. **PMC, Scopus, DOAJ indexed**

JMIR Rehabilitation and Assistive Technologies

Emerging innovations and technology in rehabilitation, physiotherapy, kinesiology, and virtual reality. **PMC, Scopus, DOAJ indexed**

JMIR XR and Spatial Computing

A new peer-reviewed journal for extended reality and spatial computing in including but not limited to health and medical care settings.
Sherpa Romeo indexed

NEW

Asian/Pacific Island Nursing Journal

The official journal of the Asian American/ Pacific Islander Nurses Association (AAPINA).
PMC, MEDLINE, Scopus, DOAJ, CINAHL, INANE indexed

Journal of Participatory Medicine

The official journal of the Society for Participatory Medicine.
PMC, Scopus, DOAJ indexed

Online Journal of Public Health Informatics

Application of informatics to improve public health research, education and policy.
PMC, Scopus, DOAJ indexed

JMIR Preprints

Preprint server for pre-publication/ pre-peer-review preprints intended for community review as well as ahead-of-print (accepted) manuscripts.

JMIR | Med

PubMed-indexed overlay journal to medRxiv and JMIR Preprints. **PMC, DOAJ indexed**

JMIR | Bio

Peer-reviewed overlay journal to bioRxiv.

JMIR | Psy

Peer-reviewed overlay journal to PsyArXiv.
