

The leading peer-reviewed journal for digital medicine and health and health care in the internet age

Open access | Peer reviewed | PMC, MEDLINE, SCIE, Psycinfo, Scopus, DOAJ indexed

The **Journal of Medical Internet Research** (JMIR, ISSN 1438-8871), founded in 1999, is the pioneer open access digital health journal and is the flagship journal of JMIR Publications. It is a leading digital health journal globally in terms of quality and visibility (Impact Factor 5.8; Clarivate, 2024 and CiteScore 14.4; Scopus, 2024).

The journal focuses on emerging technologies, medical devices, apps, engineering, telehealth and informatics applications for patient education, prevention, population health, and clinical care.

As a leading high-impact journal in its disciplines, ranking Q1 in both the "Medical Informatics" and "Health Care Sciences and Services" categories. JMIR is a selective journal complemented by over 30 specialty JMIR Publications' sister journals.

Become an Editorial Board Member

JMIR Publications is actively seeking new members to join the editorial board of the *Journal of Medical Internet Research*. Our editorial boards are composed of outstanding individuals committed to rigor in scientific review and a passion for sharing their expert feedback with authors.

Consider a Publishing Membership

A JMIR Publications membership provides significant discounts on article processing fees and removes the burden of processing payments on a per-article basis for the faculty, students, or staff.

Sign up now for a membership to receive the following benefits for your upcoming submission (original research, viewpoint, research letter, or review article) to any JMIR Publications journal:

- Significant cost savings compared to paying individual article processing fees
- Faster publication, no overhead costs, and no delays for invoice processing
- Continued publishing even when your current grant or funding ends
- Options for submissions by individuals, departments, or organizations
- Sharing of institutional member benefits with faculty, students, and staff
